15.250.060 Rezones – Type IV or V review process.

Site-specific rezones to change the current zoning of a property to a new zoning category that is consistent with the comprehensive plan land use designation for the property are reviewed as Type IV processes. Type V reviews involve the legislative revisions to the zoning map for area-wide changes including comprehensive plan updates and those proposed to implement subarea plans.

- A. Purpose.** The purpose of this section is to provide procedures for amending the text, maps, and charts of this title, and amendment criteria for amending the official zoning map.
- B. Procedures.** Site specific rezones are subject to the Type IV review process as set forth in ECC Chapter 15.210. All other rezones are subject to the Type V review process as set forth in ECC Chapter 15.210.
- C. Site specific rezone decision criteria.** The city may approve or approve with modifications an application for a rezone of property only if the applicant has adequately demonstrated that all of the following statements apply to the proposed rezone:
 - 1. Conditions have changed since the imposition of the zoning classification on the property;
 - 2. The proposed rezone bears a substantial relationship to the public health, safety, morals, and general welfare;
 - 3. The proposed rezone is consistent with the comprehensive plan; and
 - 4. The proposed rezone to a particular zoning district shall be consistent with the development standards in the LDC for the zoning district.;

Applicants may propose conditions to be imposed on the site specific rezone in order to mitigate any detrimental effect the rezone might have on uses or property in the immediate vicinity of the proposed rezone. Any conditions imposed by the city on the rezone shall be incorporated in a development agreement executed by the city council and the property owner(s), under the procedures set forth in RCW 36.70B.170 through 36.70B.200 and ECC Chapter 15.380 (Development Agreements).

The burden of this demonstration is on the rezone applicant.
