### 15.250.090 Comprehensive plan amendments – Type V review process.

- A. Purpose.** A comprehensive plan amendment or review is a mechanism by which the city may modify the text or map of the comprehensive plan in accordance with the provisions of the Growth Management Act, in order to respond to changing circumstances or needs of the city, and to review the comprehensive plan on a regular basis.
- B. Initiation of text and map amendments.**
  - 1. The city's comprehensive plan shall be subject to continuing evaluation and review by the city. Any amendment or revision to the comprehensive plan shall conform to RCW Chapter 36.70A.
  - 2. Comprehensive plan amendments may be initiated by citizens, by the planning commission or other boards and commissions of the city, city staff, city council, or any other interested persons including applicants, hearing examiners and staff of other agencies. The proposed amendments or revisions to the comprehensive plan shall be docketed and considered by the city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:
    - a. The initial adoption of a subarea plan. Subarea plans adopted under this section must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted if the cumulative impacts of the proposed plan are addressed by appropriate environmental review under Chapter 43.21C RCW;
    - b. The development of an initial subarea plan for economic development located outside of the one hundred year floodplain in a county that has completed a state-funded pilot project that is based on watershed characterization and local habitat assessment;
    - c. The adoption or amendment of a shoreline master program under the procedures set forth in Chapter 90.58 RCW;
    - d. The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; or
    - e. The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.440, provided that amendments are considered in accordance with the public participation program established by the county or city under RCW 36.70A.130(2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.
  - 3. All docketed amendment proposals shall be considered by the city concurrently so the cumulative effect of the various proposals can be ascertained. However, the city may adopt amendments or revisions to its comprehensive plan that conform with RCW Chapter 36.70A after appropriate public participation whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with the growth management hearings board or with a court.
  - 4. The city shall periodically review the densities permitted within its boundaries, and to the extent to which urban growth has occurred within the city according to the timetable established by the Growth Management Act. The city shall revise its projected population figures a minimum of every 10 years to accommodate the urban growth projected to occur in the city for the succeeding 20 year period.
