Top 3 Responses

If I saw a crime happening in my neighborhood, I would call the Ellensburg Police to report it.

I would work with the Ellensburg Police to identify a person who committed a crime in my neighborhood.

I think I would be treated fairly by Ellensburg Police.

Bottom 3 Responses

* Although rated lower than others, results show high community trust in the EPD

Ellensburg Police treat people respectfully regardless of their mental health status.

I think my values and the values of Ellensburg Police are very similar.

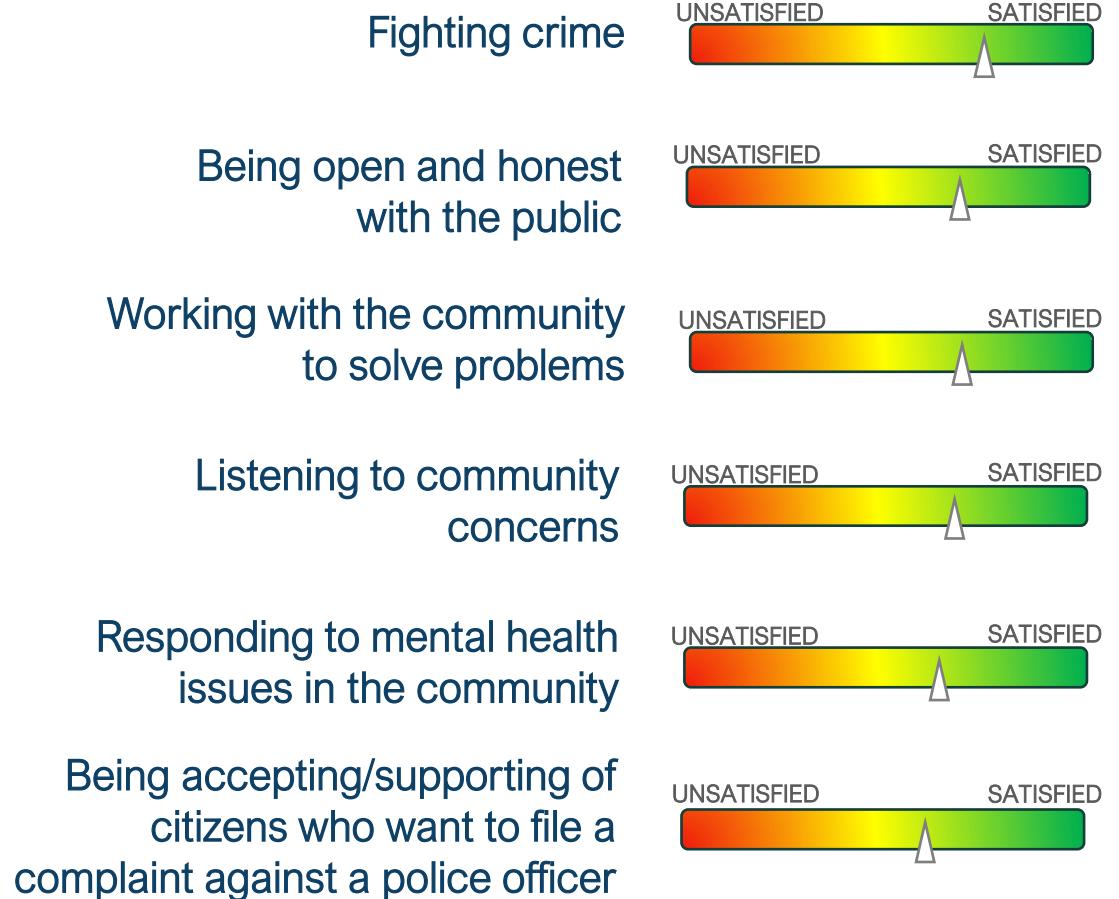

Ellensburg Police treat people respectfully regardless of their race or ethnicity.

Community Interest

INFORMATION SHARING

- Transparency
 - Consistency and timing are important for trust
 - Report crime rates/address concerns (i.e., gangs)
- Community Engagement
 - Significantly more face-to-face interaction is needed
 - Regularly scheduled events (townhall, coffee, Q&A)
 - Increase availability of community presentations
- Social Media
 - Need more platforms to distribute information
 - Be cautious of password restricted mediums
 - Make more engaging, educational content
- Traditional Media
 - Alternative methods needed to ensure consistency
 - Inform public on EPD daily media roll-up
 - Post newsletters/bulletins to website
 - Emergency text alert system during major incidents

Notable Comments

“Information needs to be timely and accurate. During the shooting this past year at Jack in the Box, the suspect whereabouts were not immediately provided and citizens did not know where they should shelter...Truth about gangs in Ellensburg and the current state of crime needs to be given to the public on a regular basis.” (P90)

“I do not have Facebook so updated posts should be on all social media platforms (Instagram, X, Facebook). Facebook requires you to “sign in” which is something I do not want to do. The information provided should be free from requirements to logging in.” (P161)

“To have regular open forum meetings around the city. Perhaps in different neighborhoods or areas around town. Also, the recent social media videos are excellent information so more of those would be great.” (P191)

COMMUNITY EDUCATION

- Awareness Training Topics:
 - Drug Use & Prevention
 - Gang Violence & Mitigation
 - Human Trafficking
 - Theft & Fraud Prevention
 - Homelessness
 - Partner Conflict Mitigation
- Youth Focus/School Safety:
 - Internet Safety
 - Bullying Prevention
 - Self-Advocation Techniques
- Community Impact Topics:
 - Mental Health Response
 - Traffic Safety
 - Crime Impact Reporting
 - Police-Community Collaboration Techniques

Notable Comments

“I’d like to have them tackle the bigger issues such as drugs, gangs, and human trafficking (we are tight by i90), but death by power point is not my favorite.” (P43)

“I did not know you offered presentations to the public, I will have to explore what topics you already have available.” (P209)

“How can we support police in Ellensburg?” (P247)

“Teaching children how to report abuse safely, how to stay safe, how to avoid abuse/abduction, assault, etc. Maybe get real about what constitutes these crimes, about statistics, ‘funny uncles’, what ‘lines’ are, what to look out for etc. Actualities instead of protecting them from facts, instead off trying to protect them from fear.” (P252)

Notable Comments

“I feel they need to do better in the schools. The amount of drugs going around is baffling to me! There needs to be more done to keep that stuff out of our schools and away from our children.” (P39)

“More youth programs, junior officer maybe to get younger kids involved and comfortable with police officers, more non-criminal interactions (go shovel snow in your uniform for some old people, or stop at a low income area park and play ball with some kids, invest in the youth with no mentors)” (P43)

“Ask us we see a need. Then address those concerns and follow up. Maybe even once in a while have an article in the paper, on Facebook, or wherever with things you are pursuing or working on for updates to us.” (P163)

“Something that would interest youth. Music and social media. Partner with youth groups.” (P184)

Notable Comments

“...One area of deep concern for me is the bullying that occurred in the Ellensburg school district earlier in 2024. I am not sure what role, if any, that the EPD played in the Department of Justice investigation. Recent posts on FB reveal a community in conflict surrounding this topic and I hope the EPD can maintain a safe community for everyone who calls Ellensburg home.” (P71)

“I believe the Ellensburg Police Department has competent leadership and hires quality candidates, considering that our State has taken substantial steps to discourage law enforcement from performing traditional policing and enforcement...” (P99)

“I rate ours as better than what we hear about on the news. I cannot speak for anyone except myself. There may be populations that feel drastically different than I do. Those voices matter.” (P163)
